

Prayer letter for January – April 2023

Dear friends,

Greetings to you all in the most wonderful name of Jesus Christ our Lord. Happy new year 2023. I trust that you are all well.

My family and I are all well. We had Christmas together with all of them and their children which was great.

We concluded the year 2022 after celebrating 30 years of Life Ministries Christian Centre in Uganda. It was such a moving moment looking back up to the time, we saw God's hand and His leading over our lives and Ministry. During this time, I was also able to launch my book

The Unfamiliar Path. After these celebrations we had three days retreat with our ministry leaders to discuss the way forward for the next 30 years and beyond.

Our main job will be mainly to intentionally

to raise young leaders in positions of authority and influence in the Ministry. This will pave the way for us to have the young generation of leaders that will carry on this work as it was with Moses and Joshua.

We sensed the leading of the Holy Spirit pointing His finger on Joshua 3:4 ***"Yet there shall be space between you and it (ark of the covenant), about two thousand cubits by measure. Do not come near it, that you may know the way by which you must go, for you have not passed this way before."*** This is the interpretation we got from this verse, "that we shall need to follow God's instructions and not to rely on our previous experience if we are to achieve what He has in store for us."

With this new mandate, we shall need to be extra careful to follow God's leading on a daily basis. Since then, our hearts are full of excitement as we look forward to what God is about to do.

Church Ministry

We have had a series of prayer meetings with the Ministry Elders and Joshua group to lay strategies and to discuss how we shall serve the people in Uganda and in the different Countries. Work in the different Countries where LMCC has so far reached is doing well.

Last week, on the 21/01/2023, we received the shock of our lives when we were informed of the passing on of one of our regional leaders; the **late Pastor Jackson Majunjule** who went to glory after a short illness. Again, God is never taken by surprise when things like this happens.

Report on the Projects

Kairos Nursery and Primary school, Kairos and Kairos High School have not yet started they will be reopening on the 6/02/2023. In Uganda this is the beginning of the new term in the new year 2023. During the holiday period we upgraded some of the classrooms and repainted the exterior of the schools thanks to Kairos Friends.

HEALTH DEPARTMENT. (1) Kairos Medical Centre.

The Centre continues to expand the range of services, all our staff are all doing well and focused as they continue to meet the needs of our patients.

(ii) Kairos Hospital

We have started the year on a good note. We have just completed a medical outreach at the hospital and had a number of doctors and nurses who volunteered. Among them was Dr. Micheal Riste from Manchester, UK. Who did a lot of work during this outreach together with our Ugandan team. We anticipate to breakeven financially this year and shall value your prayers. We have rebranded our services under the name of Kairos Healthcare. Please see www.kairoshealthcare.org

Kairos Farm

We continue to trust God for the remaining funds needed for purchase of a tractor. We have already secured an equivalent of \$17,000 and we continue to trust God for the balance to complete this purchase.

We take this as a God given opportunity to generate income for the ministry which will enhance more church planting within and outside Uganda.

This year's Itinerary.
